Chairman's Annual Report:

Association and regional Business has had two meeting which the main topic of conversation was K37, this is still being discussed. Update from the regional meeting at the MSA was quiet, new credit card licence has started to be issued.

The association had a reasonable year, registrations were down as was the case around the country. 2007 issues have been rectified and the proof is in the pudding. The Awards presentation went very well, Thanks to Dennis Turner for making it a good event.

RLO for Leicestershire has passed away, the new RLO for Leicestershire will be Chris Faulkner.

Thank you to the board members throughout the year . David James has done a great job and making it look easy (though it really isn't)

Secretary's Annual Report:

David James has had a steady year, a plea for club contacts if details change to let David know as soon as possible.
